In terms of government's published Level 1 Lockdown regulations, MSA-sanctioned motorsport is permitted to resume. MSA General Circular 6 of 2020 lists the requirements to all motorsport events run under the auspices of MSA.

Motorsport events at Killarney can only take place if done in a responsible manner to ensure the safety of all concerned.

In summary:

- Future race meetings will be very different to what we are accustomed to.
- Without income generating spectators, the pressure to financially breakeven at a race meeting is significantly greater. WPMC can't run race meetings that result in a net cash outflow.
- Restricted and reduced number of people at events. Maximum of 4 people per race entry (including driver/rider).
- All documentation will be done electronically in advance.
- A register of everyone to be at an event is to be prepared and only those on the register will be permitted access to the facility. No exceptions.
- Speedy but controlled access on race day is a challenge.
- Event may only start with approval of COVID officer and Stewards of the meeting.
- Social distancing and no moving around the facility by competitors and crew. Per MSA, all are to remain in allocated pit.
- Other than at access points, the event is to be paperless.
- No prizegiving and trophies. Certificates to be emailed to the competitors.
- Report of all people on site at event to be sent to MSA on the Tuesday after the event.
- Event may be stopped at any time if non-compliance with MSA General Circular 6 of 2020.

As future race meetings will be very different to what we are accustomed to, the commitment and support of the Killarney family to comply with the restrictions and the new format is essential.
