FROM THE CASTROL TOWER...

Welcome to Round 8 of the 2026 Power Series presented by Lime Property Management in association with Smile FM. With only one final round to go after this one, this is where the racing gets really serious.

For the championship leaders, it's all about consistency: bringing it safely across the line and maintaining their advantage. For the contenders, this is the time to throw caution to the winds and go all out for maximum points – and the difference in tactics will make for fascinating racing.

As always, there's lots of off-track entertainment to keep you busy between races, from children's play areas at the Clubhouse and the Joubert Pits, to the Trackside Restaurant, Pizzeria and Bar upstairs at the WPMC Clubhouse, complete with a genuine wood-fired oven for delicious traditional pizzas, as well as a full menu of steaks, burgers, schnitzels, children's meals and some of the best espresso coffee in Cape Town.

The friendly ambience includes live-streaming and live timing on big-screen TV's so you can follow the action while you enjoy your meal.

And the welcome for you and your family is just as warm at all our food and beverage outlets around the facility, including the Tuckshop at the front of the Clubhouse for on-the-go takeaways, the Joubert Pits Lounge overlooking the Porsche Club Straight and the Karting Cafe in the pits at the karting circuit.

You're also invited to join us on the Porsche Club Straight during the lunch break to meet the riders of the premier Superbike categories, get a close look at the machines and take unforgettable selfies!

Call our free shuttle service (you'll find the number in these pages) and move around to watch the racing from different viewpoints.

Then check out the market stalls on the Clubhouse lawn and join us in the pits (at no extra charge!) to experience the behind-the-scenes action that you'll never see on TV. Motorsport is, indeed, a feast for all the senses – **enjoy!**

IN MEMORIAM

RIP MARCEL ANGEL

The Killarney family are still battling to process the tragic passing of Marcel Angel, who succumbed to injuries sustained when his Ferrari 488 crashed at the end of the back straight during the first Supercar race at the Extreme Festival on Saturday 19 September.

Marcel was a racing driver of vast experience and consummate skill, described by team-mates and rivals alike as “next level”. During a racing career spanning more than four decades he earned the respect of everybody he competed against.

Marcel was born and raised in Westville, Durban; he first came to the attention of the motorsport community when he moved to Johannesburg to work as a salesman for Clark Nissan and began racing karts at Kyalami and Zwartkops.

He crowned an outstanding career in kart racing with several South African Formula E Kart titles, and then took the ultimate SA karting crown, the 250 Superkart championship, for which he was awarded Protea Colours for Motorsport.

By then he had moved to Cape Town, where in September 1998 he founded his own dealership, Autohaus Angel, with a little help from his father Walter, and soon established himself as a premier dealer in quality used cars.

He also became a force to be reckoned with in Formula Supercars at Killarney and later helped to develop Owen Ashley's AP347is for the V8 Masters series, alongside test drivers Neil Hawkins and Sarel 'Supervan' van der Merwe. As always, when the series got underway, Marcel was a consistent front-runner and frequent race-winner.

Meanwhile, Marcel was mentoring his son Dayne's karting career; Dayne was hugely successful on Killarney's one-kilometre Karting circuit before joining his father on the main circuit, where they often raced in the same events.

Indeed, the story is often told of the day when Marcel clinched the V8 Masters series title in the same race in which Dayne won the Formula Supercar championship. Marcel then waited for Dayne at the finish line so that they could celebrate in true father-and-son style – with a victory lap, side by side.

Definitely a racing career highlight for both and something Dayne says he will treasure for the rest of his life.

In recent years, Marcel added Extreme Supercars to his racing CV, first in a 2011 Ferrari 458 GT3 and later in a more competitive 2019 488 GT3. He and close friend Jason Ibbotson were also successful in endurance racing with the Ferrari.

Away from the track, Marcel was a devoted family man. A loving and patient father, he created a balanced life for his children and stepson with lots of outdoor fun at their holiday home on the Breede River. An accomplished skier himself, he was never happier than out on the water, endlessly towing his children and their friends on board-skis and tubes.

Our thoughts and prayers are with the Angel family in this difficult time; his passing has left a huge gap in the Killarney community. He will be sorely missed in the paddock and on the grid.

There's a wealth of experience and racecraft at the top of the Cadiz BMW CCCT field, where Dillon Joubert in the Powder Coating World/TAC Steel/Euroblitz E36 takes on 'Baby Jakes' Jacobs (Executive Decisions M3) and veteran motorcycle drag racer Sharief Reynolds' M2. Reynolds has amply proved that he can do more than just straight-line heroics – he could just surprise you this weekend.

Mancom member Ernest Page (CRA Racing E36 328i) and Tracktion's Dexter Bruce (the nicest guy you'll ever meet until you put him behind the wheel of an M3!) are the men to beat in Class D, but with 27 Blue Propeller Boykies (and one lady) across four classes on the grid, anything could happen and probably will.

Speaking of the ladies, Natasha Tischendorf (VW Jetta CLi) and Melani Lambert (VW Fox) are back showing the guys how it's done in the Kaltron Fine Cars, where their closest challenge is likely to come from Melani's father, Albert Cook in his Mazda MX5, and her father-in-law, Arnold Lambert, in a very quick VW Scirocco.

The Pro Oil Supercars have mustered eleven of these identical locally-built Opel powered 'pocket rockets'. Class stalwarts Glen Phillips, Andrew Moffitt and Kyle Hallick must start as favourites – but keep an eye out for determined Nashrene Schloss, who's improving with every outing. This might just be her weekend.

Hadyn Ellwood (Swift SF92) and Sean Le Riche (Racelab Van Diemen 1.6L) are expected to set the pace in the Formula Libre Races, but with a dozen closely matched Formula Vees in Class V, that's where the action is going to be. Expect fireworks – just don't ask us to predict the outcome!

LET'S GO
RACING!

POWER SERIES AT FULL THROTTLE!

Jaco Lambert and the Payne & Schietekat Polo 1.8L have been making waves among the Thermo Fires Clubmans establishment this season but, as we accelerate into the second-last round of 2026, he faces some stern opposition from Michael le Sueur (New Engineering Golf 1.8L), Steven Gouws (Thermo Fires Jetta 3 1.8L) and veteran Jess Huggett's Rico Barlow Racing Jetta 2 1.8T, with Mario Roux and the Automar Polo 1.8L to keep them honest.

But it's not all VW territory out there – keep an eye out for Class B hotshot Gary Smith in the Truckport Logistics BMW E36 – he's always willing to mix it with the Class A front-runners and could well spring a surprise on the day.

The Laude Classic Cars boast the biggest entry of the day with 36 old-school heroes on the grid, led by Franco Donadio's thundering Chev Can-Am, Michael Hitchcock in the Cross Cape Forklift Services Mustang and Boetie van Zyl's Ford Fairmont GT 351.

Then there's Trevor Momberg in the All Scale/M&E Auto Capri 3.4L; never a respecter of the big V8's, he'll be out there to prove a point, as will PW Louw in the PWL Konsult Mazda RX7.

The API Property Group GTi Challenge welcomes the return of SuperNerd – mild-mannered, bespectacled Jurie “Umpie” Swart – who was almost unbeatable in the Alpine Autohaus Polo GTi a few years back. Right now, Zaki Hendricks (Wheelworx Polo 6R) and Daniel Munna (API Property Group) are in for a serious showdown.

Nevertheless, more than half the field is in the entry-level Class C, where the young and fearless mix it with the wild and woolly. Expect a high-speed traffic jam in every corner and a mid-field battle to remember.

SUPERBIKES READY TO SET KILLARNEY ALIGHT!

International star Allan-Jon Venter on the Vault Markets/True Vine ZX10 must start as favourite in the Pirelli Superbikes/Challenge/Masters/600s races this weekend – but he won't be having it all his own way. Local hotshot Eeden Heyns (Project60/Helderberg Car Clinic ZX10R) and veteran Malcolm Rapson (Racebase GSX-R1000), along with Masters contenders Mark van den Berg (GFP ZX10R) and Michael du Toit (TWH Bridging Finance R1) will be challenging at every turn.

It's impossible to make any similar predictions, however, in the second-tier Challenge Class, where three equally matched and vastly experienced riders will vie with a young gun for class honours. Expect a huge midfield battle between Wayne Arendse (EVA – Eagle Vision Association ZX10R), Lubabalo Ntisana (LB Auto ZX10R), Wesley Hendricks (Motorwise Motorcycles ZX10R) and Daniel Frost (CHW Design/Motorwise CBR1000).

Zander Taljaard has made his mark in the 600 Class this season aboard the TMS GSX-R750 – expect to see him not only leading the class but also harassing the Challenge Class riders!

The Pirelli Clubman, Classic and Breakfast Run races will see Wayne Gresse on the Tony's Motor Spares R1 go up against Gavin Louw (BMW S1000RR) and Juan Momberg's Motorwise ZX10, with veteran William Morris (MB AirconStrand GSX-R1000) to keep them honest and visiting rider Augustin Ntwari (Tag 43/Lekka Racing YZF R1) to add upcountry spice to the mix.

Gerhard Joubert starts as favourite in Clubman 600 division on his three-cylinder Triumph Daytona 675, but he'll be under intense pressure from up-and-coming rookie Saud Adam (Honda CBR600RR) and McFlash Senior, international rider David McFadden's father Norman.

The Classic class features a mixed bag of older machinery, including Mario Ferreira's Cagiva V-Raptor, Wessel Kruger on a BMW R1100S 'pot-scraper', Jamie Hall's Supa-Glass 750 SRAD and John Kosterman on a vintage 1970s Suzuki GSX-R1100.

But for sheer fun and enjoyment, watch Breakfast Runner Michael Bekker on his KTM 990 SMR, with his distinctive 'elbows out' riding style and ever-present grin – you can almost see it through his helmet!

With no fewer than 14 entries, including a handful of upcountry visitors, the Pirelli STC 650 field promises epic racing. Expect Slade 'Wild Child' van Niekerk (Project 60 SA ER6-N) and the Munton father-and-son team of Klint and Max Munton on the Sunscan/Mag Workshop ER650s to lead the charge, along with ultra-competitive Abigail Bosson's Calberg/Sales Hire ER650.

Wild cards, however, include RST Bikewear boss and international rider Jonny Towers (Missile Motorcycles R7) and a team of three riders from Bikeshop Boksburg in Gauteng: Jannie Jordaan, Chantell van Heerden and Michael van Heerden, each on a Suzuki GSX8R.

The SSP300 class looks like another benefit for hotshot rookie James Luyt on the RSRA/Ravenol/Access Administrators/Calberg Ninja 400; the burning question however is, how many of the STC 650 riders is he going to beat?
